**Tutoring Experience**

Over the past 4 years, I've guided students through advanced topics in A-Level Further Maths, such as Pure Maths, Mechanics, and Statistics. I've also worked with IB students preparing for Higher Level Maths, helping them excel in their internal assessments and exams.

My tutoring journey has allowed me to work with a diverse group of learners, tailoring lessons to meet the specific requirements of curricula like A-Level and IB. My students consistently achieve top grades, with many going on to pursue competitive programmes in mathematics, engineering, and computer science.
